ALL COMPETITIONS WILL BE JUDGED USING THE 6.0 JUDGING SYSTEM

ARTISTIC/EXHIBITION SKATING JUDGING.

For ALL Exhibition ice skating competitions the following rules and regulations will apply.

The scale of marks is	0 -	Not Skated
	1 -	Very Poor
	2 -	Poor
	3 -	Mediocre
	4 -	Good
	5 -	Very Good
	6 -	Perfect or Faultless

Decimals to one place are used to give intermediate values eg 2.3; 3.6; 4.2; etc. The Judges marking box contains Black figures from 0 to 6 and Red (decimal) numbers from 1 to 9. The black figures are held in the right hand and the red figures in the Left hand (the referee will advise if this has to change depending on where the announcer is sitting).

When a performance is ended each judge will decide the mark they are to award, write this on the marking sheet provided and then display this mark on a signal given by the referee (usually a whistle). All the judges display their marks simultaneously and these will remain on display until a further signal is given by the referee.

Judge 1	Precision & Difficulty	Difficulty of the steps and other skating movements involved, including steps, jumps, and spins, and how well they are performed. Additional marks for double or other complex jump sequences will not be given unless they greatly enhance the performance.
Judge 2	Costume & Design	Suitability of the costume in relation to the music and illustration of the theme (if any), continuity and linking of sections within the performance.
Judge 3	Choreography & Presentation	The interpretation of the music into skating movement, the interpretation of the rhythm and the balance of movements, steps, jumps and spins.
Judge 4	Music	Suitability of the music used in relation to the performance and the composition of the performance in relation to the harmony of the music.
Judge 5	Innovation & Entertainment	Originality of performance, general entertainment value, appeal of the performance.

DEDUCTIONS

For infringements to the regulations a deduction of 0.1 to 0.3 will be deducted by each of the judges for each offence.

A time deduction of 0.1 will be made by each judge for each 10 seconds over the allowed time

Only one Judge (Precision & Difficulty) need be a qualified dance, synchro or figure Judge.

The Referee for Exhibition Skating Events Must be from the appointed Referees / Judges panel and must comply with the requirements for referees for Open Competitions.

The Results will be calculated using the same method of calculation as specified in the current ISU Regulations with the additional regulation being used in the event of a tie

In the event of a Tie, the Precision & Difficulty Judge's place will be ignored. If this still results in a tie, the total from the other judges will be calculated and the highest points will take the place. In the event of this being the same, the places will be tied.

Props are permitted but they must be carried on and off the ice but the skater(s).
