

Dear Club Secretary

As we prepare for the ISU European Figure Skating Championships 2012, our search for volunteers to assist us with this prestigious event continues. We are delighted to have already received many applications from would be volunteers from both home and abroad with skills that cover a wide range of areas from admin and finance to costume repairs and DIY!

But we are still seeking more volunteers to help us operate a really successful event – they don't need to have specific experience or qualifications, just the enthusiasm to join our volunteer group, help out as much as they can and enjoy the opportunity to watch some of Europe's best skaters compete.

I have attached a leaflet and should be grateful if you could print this and post on your club noticeboard so that we can reach as wide a range of people as possible.

Further information and application forms are available on our website www.europeans2012.co.uk/volunteer.

Many thanks for your assistance.

Kind Regards

Janis
