

Murrayfield Ice Skating Club
MISC Annual Exhibition Show Event

Suggestions for the Theme for the 2016 Exhibition Show Event

As we have done in the past the MISC Annual Exhibition Show event will be based around a common theme. In the past we have just asked members their thoughts and then considered which of these should be the theme. This year we are making this process a little more formal with a form.

All members are invited to make suggestions for the theme of the next MISC Exhibition Show which will be held early in 2016.

When making suggestions remember it is not just for one number but for all of the programs that will make up the event which will include group numbers as well as individual performances

You can make as many suggestions as you wish but remember there can be only one theme for the event.

Suggestions can be on form or by email to events@murrayfield-isc.co.uk.

Name	Membership Number
1.	
2.	

The committee will consider all the suggestions received by the last Sunday in September and make an announcement as to the theme chosen at the beginning of October.

Please have suggestions in by Sunday 27th September 2015.
