IJS OPEN COMPETITIONS 2018

Friday 4th, Saturday 5th, Sunday 6th & Monday 7th May 2018

SINGLES ANNOUNCEMENT

TECHNICAL REQUIREMENTS for SINGLES & PAIRS OPEN COMPETITIONS 2018

These competition program requirements comply with ISU Basic Novice to Senior. All elements performed are as per ISU current regulations unless otherwise stated.

These Generic Criteria must be read in conjunction with ISU Special Regulations and Technical Rules 2016, ISU Communications 2089, 2014, 2024 and any subsequent ISU communications. Vocal Music is allowed at all levels. **ISU Age restrictions do not apply unless stated.**

For the purpose of the Step Sequence in Beginner Singles, the requirement for full ice surface at base level will be achieved when the skater covers a minimum of 75% of the full ice surface to make this achievable for skaters at this level. The criteria for level 1 and above step sequences remain as per ISU.

Tests passed after the closing date DO NOT allow entry to be transferred to another level.

The Generic Criteria is the same for all Opens, and the following conditions will apply at Murrayfield Opens 2018:

- All singles and pairs events at Murrayfield Opens 2018 will be judged using the IJS.
- IJS events from Beginner to Level 3 will be judged in accordance with the ISU Basic Novice A regulations, i.e. No element can achieve higher than Level 2 and only 2 components will be scored in accordance with ISU Communication 2024
- Levels 6 and 7 will follow ISU Basic Novice B criteria, with maximum Level 2 but 3 components. (Skating Skills, Performance and Execution and Interpretation) as per ISU Communication 2024
- Advanced Novice (Level 8) will follow ISU Advanced Novice, with a maximum of level 3 and 4 components as per ISU Communication 2024.
- Junior and Senior (Levels 9 and 10) will follow ISU Junior and Senior, with a maximum of level 4 and all 5 components as per ISU Regulations.
- **All skaters are asked to read carefully the communications regarding which components will be marked at each level and the factors to be used.**
- At Murrayfield IJS Open 2018, as per the published rules, the Short Programme and Free Programme at levels 8 to 10 will **be run as 2 separate events**. Skaters are free to enter either or both of the 2 events at any level for which they meet the requirements. Many skaters will be eligible at more than one level and will choose which event they enter in association with their Coach, based on their personal plans for the season. If entries are submitted for SP and FP in events at 2 different levels, skaters must state their preference in case Murrayfield can only accommodate skaters in one event due to time restrictions. Skaters will be informed following the closing date if this is the case.
- It may be possible to achieve test passes, working within NISA criteria. For details please see separate announcement on NISA website regarding the panel requirements. The ice surface at Murrayfield meets the minimum requirements for test passes.
- As per ISU Com. 2024 no highlight will be awarded at level 8 and below
- Following the closing date Murrayfield ISC reserves the right to further sub-divide events based on age to allow as many skaters as possible opportunity to participate in the event.

The ice pad at Murrayfield is 60m x 30m.

TECHNICAL REQUIREMENTS for SINGLES & PAIRS OPEN COMPETITIONS 2018

- 1) **SPIN WITH NO CHANGE OF POSITION.** A “spin with no change of position”, in which another basic position is executed with more than two (2) revolutions, does not fulfil the requirements of a spin with “no change of position” and will be identified as a “spin combination”. However, the concluding upright position at the end of the spin is not considered to be another position independent of the number of revolutions, as long as the skater is executing only the final wind up without any enhancements. NB. This means in a spin with only one change of position, if the second position is an Upright position it should be obvious, eg. have an enhancement, to make it clear is not simply the wind up.

- 2) **CHOREOGRAPHIC SEQUENCE**
A Choreographic Sequence consists of any kind of movements like steps, turns, spirals, arabesques, spread eagles, Ina Bauers, hydroblading, any jumps with maximum of 2 revolutions, spins etc. Listed elements included in the Choreographic Sequence will not be called and will not occupy a box. The pattern is not restricted, but the sequence must be clearly visible. It can be performed before or after the Step Sequence. This element has a fixed base value and will be evaluated by the judges in GOE only. As per ISU communication 1874 and any subsequent updates
